Missouri CADC / CRADC Preparation Cohort

Program overview

Spring 2027 (March start anticipated; date to be confirmed). Virtual, 12 weeks of structured exam preparation and general application guidance. Program fee: $25, due only after enrollment is confirmed.

Who is welcome

Individuals exploring or preparing for Missouri CADC or CRADC certification; employers supporting staff credentialing; workforce organizations assisting job seekers. Work in a substance use treatment facility is not a prerequisite to express interest in this cohort. Some related experience may qualify for certification, subject to MCB determination.

What participants will explore

Missouri credentialing pathways, IC&RC ADC exam topics, practice questions, study strategies, and how to organize application documentation. The cohort does not itself provide qualifying work, education or supervision hours.

Credentialing information

Requirements differ by credential and education. Verify current education, direct-service experience, practicum, ethics and exam requirements directly with the Missouri Credentialing Board: https://missouricb.com/ . C&WC does not determine eligibility or guarantee certification.
